table. More especially is this so in the case of those suffering from cancer, as the most skilled surgeon will tell his patient that he can promise no hope of a perreancer, cure by operation, and that the disease is as likely as not to return within a year. The new method of treating bancer by a constitutional remedy, taken internally, has been so wonderfully successful that within the last few years it has practically surpassed all other forms of treating this disease. The principle on which t is based is this, that cancer is a virulent poison in the blood, and removing the lump or growth simply does not get at the cause of the trouble. The new remedy, when taken into the system, goes directly to the root of the disease, searches out has cancer poison, reatralizes and destroys it and builds up the weakened organism. It is a pleasant preparation to take and will not upset the stomach of the most delicate. Messrs Stott & Jary, Rowman-ville, Ont., on receipt of 2 stamps, will be pleased to send further information about this remedy to any ose desiring, it.

Come Drink of the Spring of Youth, the the Source of Happiness! It is Electricity as Given by Dr. McLaughlin's Electric Belt!

This is to Those Young or Old. To Those Whose Power is Wasted. To Those Who Feel Old and Rusty. To Those With Pains and Aches. To Those Who, From Any Cause

Show me the man who would not be a better man than he is. It matters not how the rocks and shoals of life have worn the edge off the spirit of joyousness, have dulled the enthusiasm of youth, and left the nerves less vigorous, the eye less bright, the step less springy, the mind less forceful, and the general vitality less powerful than they ought to be at your age, you want to be strong.

Dr. McLaughlin's Electric Belt.

Does this naturally. I know that the foundation of all strength is Electricity, and that Electricity alone will renew the vigor of youth. My book tells of many grateful people who were cured by my belt after every kind of medical treatment had failed.

years are specially benefited by this remedy.

Mr. H. Hancock, of Hancock & Sadder, of the popular Iroquois Hotel, Galt, Ont., made the following statement:

"heartily recommend Milburn's Heart and Nerve Pills to anyone needing a tonic for the nerves or requiring a medicine to build up the system when it becomes weakened and run down by too close application to business. I found the pills were just the medicine for my trouble. In fact after taking three boxes I fett so much better that now I would not be without them.

"When I feel tired and worn out I take these valuable pills and, find they recoup my nervous and physical strength. They seem to furnish just the elements, required for reconstructing nerve tissue."
